

Teatro Símurgh
“CANTORES “
(Minstrels)

Technical information

Duration: 70 minutes without interval.

Audience: For all ages.

Language: The theatrical text of the show is also available in English.

Performance space: the show was conceived for the theatre. However, if the appropriate conditions are met it may also be performed in auditoria, multimedia halls and other non-conventional spaces such as the main halls of schools and universities.

In the case of festivals or summer events which offer only outdoor spaces, they must be spaces with uniform floors and with adequate acoustic conditions (for example old courtyards, small amphitheatres etc.). In bigger spaces the use of a microphone is necessary both for the two actors and for the musical instruments.

Dimensions: 7 meters deep and 6 meters wide. (Minimum 6X5 metres)

Set: For theatres and closed spaces a black box is needed. For open spaces a big black curtain is required for the background, four metres high and the width of the performance area. Also needed are two wings of 4X2 metres.

Lighting:

No. 18 (eighteen) lycos (etc.), each one of 1000 watts.

Alternative: 10 lycos of 1000 watts + 8 pc of 1000 watts with “flags”.

For the theatre at least 4 metal bars are needed for the lights.

For open-air spaces, in case a cross bar are not available, 6 tripod towers are needed (2 frontal, 2 lateral, 2 background).

Lighting console: 24 canals, double scene or programmable for 60 scene changes.

In case of the organizers cannot satisfy these technical needs they are asked to inform the company of the actual lighting situation in time in order to find a suitable alternative in terms of what is actually available.

Sound: In the case of big open-air spaces the use of radio-microphones for the two actors is necessary and directional microphones to be spread around the performance area to amplify the musical instruments.

Set-up: A day to set up the lights and to have a general rehearsal. At least one stage hand is required.

Dismantling: One hour starting thirty minutes after the end of the show.

Load: No. 4 packages with a total weight of 85 kilos, and of dimensions accepted by airlines as for accompanied luggage.

No. of people traveling: 3 people (two actors and a stage assistant)

Other requirements:

- The assigned space must be clean and available before the arrival of the company.
- A small room with running water, toilet, mirror, vapor iron and ironing board.
- Cleaning material: dustpan for rubbish, a bucket, a cloth and a scrubbing brush for cleaning the floor.

Attention:

- After the start of the show members of the public are no longer allowed to enter the theatre/space apart from specific situations in which the company considers it appropriate.
- During the show unauthorized people are not allowed near the performing space.
- Filming, photographing or recording the show and music is not allowed unless previously stipulated by the company.
